DJ / PRODUCER / COMPOSER

# NOEL SANGER

WWW.NOELSANGER.COM

## BIOGRAPHY

Noel Sanger is a pioneering electronic artist who has remained at the frontier of progressive sounds for over two decades. Flying mostly under the mainstream radar, he has cultivated a rich musical history and a dedicated following along the way.

His releases dating back to the 1990s remain in high esteem, and his current work, always critically acclaimed, continues to see top DJ support.

He makes regular appearances in Beatport's top ten genre charts, and he has seen top tens at the Billboard Dance Club Chart, and the top 15 of UK Musicweek's buzz chart.

As his sound has evolved, Noel's label, Dissident Music (est. 2007), has gone from strength to strength. Delivering dozens of Beatport top ten showings from an international roster of talent, including, of course, Noel himself.

With his renewed focus on underground, progressive sounds, it's plain to see: in 2024, the best is yet to come!
